Discussion Points:

1. Menu

- **Increase the font size of all menu items.**
- Review and enhance **color, font size, and spacing** across the website for better readability and consistency.
- **Services Menu:** Show all services inside a dropdown list.
- **Add New Menu Item:** *Calculator*
 - Reference for types: [Kapoor Financials SIP Calculator](#)
 - Reference for design: [Groww SIP Calculator](#)
- Add a **Login button** in the header → Redirect to:
<https://ecnfinserv.investwell.app/app/#/login>

2. Below Banner Section

- Update content below the banner with:
 1. **KYC** – Start your investment with KYC
 2. **Financial Calculator**
 3. (Placeholder – client will provide the third item)

3. About Us

- Replace current text with the **new content provided by the client (via WhatsApp).**

4. Why Choose Us

- Increase font size.
- Replace content with updated details from the client.

5. Testimonials

- Add testimonials (use client-provided reviews, or pull from **Google Reviews** / create sample testimonials with ChatGPT if needed).

6. YouTube Section

- Add a **YouTube video scroll/slider** section for showcasing videos.

7. Call to Action

- Add **call icons/buttons** (phone, WhatsApp, etc.) with direct link to: **95970 77366**.

8. Contact Page

- Ensure all contact details and forms are **dynamic and functioning properly**.

9. Footer

- Update footer content as per client's inputs.
- Add a **YouTube icon** linking to the client's channel.
